# LALOR SECONDARY COLLEGE

## Anti-Smoking Policy

2016-2018

### **AIMS**

To ensure there is no smoking on school premises or during school activities.

To ensure students understand the risks and harms of smoking.

## **RATIONALE**

The uptake of smoking occurs predominantly among adolescents. Lalor Secondary College has established procedures to discourage the practice of smoking.

Smoking is not permitted in many areas within the broader community. Due to Duty of Care and Occupational, Health and Safety (OH&S), the Department of Education and Early Childhood Development (DEECD) has a no smoking policy on school property (buildings and grounds) and at any school related activity or function. Lalor Secondary College recognises and is concerned for student and staff wellbeing in relation to the dangers of smoking and passive smoking. The smoke free policy will be made freely available and regularly communicated to all staff and students. All student incidences of smoking will be recorded and students will be referred for education regarding smoking.

## **GUIDING PRINCIPLES**

On 1 July 2009 the Minister for Education exercised the power under the *Education and Training Reform Act 2006* to prohibit smoking in all government schools.

The smoking ban applies to:

- anyone present on school premises during and after school hours including students, teachers, contractors, parents/guardians or the wider community, such as sporting groups.
- all activities that take place on school premises including pre-schools, kindergartens, outside school hours care, cultural, sporting or recreational activities and school fetes.

In addition: - The Occupational Health and Safety Act 1985, requires employers to provide a safe work place, as far as practicable, without risks to health. Failure to comply with the Act is an offence.

## Appendix A.

Dear .....

Today your child ..... of Home Group ..... was found smoking or in the company of smokers at/on the way to and/or from school/whilst wearing the school uniform/whilst representing the school.

This is a most serious matter. All Government Schools are "smoke free zones" as required by health regulations. Your child's behaviour is in breach of the Lalor Secondary College Anti-Smoking Policy (as outlined in the Code of Behaviour). As a result, your child has been given two detentions and has a smoking incident recorded on Compass.

Please telephone me at the school to discuss the subsequent implications.

Yours faithfully,

Mr. C. Jewell  
Assistant Principal
