LALOR SECONDARY COLLEGE

Child Safe Policy

AIM

Lalor Secondary College is committed to providing a child safe environment where children and young people are safe and feel safe, and their voices are heard about decisions that affect their lives. Particular attention will be paid to the cultural safety of Aboriginal children and children from culturally and/or linguistically diverse backgrounds, as well as the safety of children with a disability.

Date ratified by School Council: 24th November 2016
Review date: November 2018

RATIONALE

Our school community recognises the importance of, and a responsibility for, ensuring our school is a safe, supportive and enriching environment which respects and fosters the dignity and self-esteem of children and young people, and enables them to thrive in their learning and development. This policy aims to protect children and reduce any opportunities for child abuse or harm to occur. It also assists in understanding how to avoid or better manage risky behaviours and situations. It is intended to complement child protection legislation, Department policy, school policies and procedures and professional standards, codes or ethics as these apply to staff and other personnel.

The Principal and school leaders of Lalor Secondary College will support implementation and monitoring of this policy, and will plan, implement and monitor arrangements to provide inclusive, safe and orderly schools and other learning environments. The Principal and school leaders of Lalor Secondary College will also provide information and support to enable the Child Safe Policy to operate effectively.

All staff, contractors, volunteers and any other member of the school community involved in child-related work are required to comply with the Child Safe policy and other related policies by observing expectations for appropriate behaviour below. The Child Safe Policy applies in all school situations, including school camps and in the use of digital technology and social media.

PURPOSE

The child safe policy sets out the school's approach to creating a child safe organisation where children and young people are safe and feel safe; and provides the policy framework for the school's approach to the Child Safe Standards.

SCOPE

This policy applies to all staff, volunteers, contractors and whether or not they work in direct contact with children or young people across a range of school forums (e.g. camps, online) and outside of school hours.

DEFINITIONS

Ministerial Order 870 provides definitions, including:

Child abuse includes—

- any act committed against a child involving:
 - a sexual offence or
 - an offence under section 49B(2) of the Crimes Act 1958 (grooming)
- the infliction, on a child, of:
 - physical violence or
 - serious emotional or psychological harm
 - serious neglect of a child.

Child-connected work means work authorised by the school governing authority and performed by an adult in a school environment while children are present or reasonably expected to be present.

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse.

School environment means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- a campus of the school
- online school environments (including email and intranet systems)
- other locations provided by the school for a child's use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events).

School staff being: an individual working in a school environment who is:

- directly engaged or employed by a school governing authority;
- a volunteer or a contracted service provider (whether or not a body corporate or any other person is an intermediary);
- or a minister of religion.

POLICY and PROCEDURES

The policies and procedures outlining the school's approach to the Child Safe Standards are outlined below. This information can be discussed with the Principal or the designated Child Safety Officer. At Lalor Secondary College this role is performed by the Student Services Leader.

The school's culture encourages staff to raise, discuss and scrutinise concerns making it more difficult for abuse to occur and remain hidden. The school's plan for creating a child safe culture can be found at the end of this document and is reviewed annually at the beginning of each new school year. Other information on reporting Child Abuse can be found in the Lalor Secondary College Mandatory Reporting Policy.

School leaders and managers will ensure that each person understands their role, responsibilities and behaviour expected in protecting children and young people from abuse and neglect. Staff will comply with the school's Staff Code of Conduct. The school's Staff Code of Conduct sets out clear awareness of the difference between appropriate and inappropriate behaviour and applies to any persons working in partnership with the school.

HUMAN RESOURCES

The school applies best practice standards in the recruitment and screening of staff, and will take all reasonable steps to ensure that it engages the most suitable and appropriate people to work with children. We will ensure that staff induction, education and training programs are a vital part of our commitment to safeguarding children and young people from abuse and neglect. All prospective staff and volunteers are required to undergo National Criminal History Records check and maintain a valid Working with Children Check.

REPORTING A CHILD SAFETY CONCERN

The school has clear expectations for staff and volunteers in making a report about a child or young person who may be in need of protection. Immediate action should include reporting their concerns to the DHHS Child Protection or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns. The school will take action to respond to a complaint ensuring that the four Critical Actions for Schools have been followed. These include;

- [One: Responding to an emergency](#)
- [Two: Reporting to authorities](#)
- [Three: Contacting parents/carers](#)
- [Four: Providing on-going support](#)

If there is an incident, disclosure or suspicion of child abuse concerning a student or staff member at the school it is essential that the staff member complete the Responding to Suspected Child Abuse: Template for all Victorian Schools. This can be found in Appendix C of this policy.

A review must take place between 4 to 6 weeks after a report is made using the template attached in Appendix C.

Victorian Schools Mandatory reporting processes are outlined in more detail in the Lalor Secondary College Mandatory Reporting Policy.

In case of emergency or if a child is in immediate danger staff should contact Triple Zero (000) or the local police station.

RISK MANAGEMENT

The School believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures. At the beginning of each school year the Principal and designated Child Safety Officer will perform a risk assessment using the templates in Appendix A and Appendix B.

These templates will be used and stored by the Principal as part of the risk assessment process.

LISTENING TO STUDENTS

The school has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage student and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. When the school is gathering information in relation to a complaint about alleged misconduct with, or abuse of, a child the school will listen to the complainant's account of things and take them seriously, check understanding and keep the child (or their parents/carers) informed about progress. More details on these processes can be found in the Lalor Secondary College Concerns and Complaints Policy and the Lalor Secondary College Communication Policy.

The school will promote and deliver appropriate education about: standards of behaviours for students attending school: healthy and respectful relationships in line with the Victorian Curriculum recommendations; resilience; and child abuse awareness and prevention. These actions will be embedded in school curriculum and as part of the schools additional programs. More information on these factors can be found in the Lalor Secondary College Student Code of Behaviour and the Lalor Secondary College Student Engagement Policy.

PRIVACY

This school collects, uses and discloses information about particular children and their families in accordance with Victorian privacy law. The principles regulating the collection, use and storage of information is included in the Lalor Secondary College Privacy Policy and the Lalor Secondary College Personal Digital Device Policy.
